POSE - AN INTERPRETATION OF THE CLASSIC
WOODEN TABLE FROM SCANDINAVIAN CRAFT TRADITIONS

POSE

THE POSE SERIES IS PART OF F&F’S NEW WOODEN FURNITURE COLLECTION. POSE IS AN INTERPRETATION OF THE CLASSIC WOODEN TABLE FROM SCANDINAVIAN CRAFT TRADITIONS. ITS DESIGN COMBINES THE SIMPLICITY OF A CLASSIC FARMHOUSE TABLE WITH THE STYLISHNESS FOUND IN FURNITURE FROM THE DRAWING ROOM

With the Pose collection the designer attempted to reference the simplicity of modernism while maintaining the importance of craftsmanship. Pose Round references the Mid-century modern as its elegant frame supports the table top with a light touch and creates open space around the furniture.

The table’s posture is proud. It exudes strength and stability. The legs run into a characteristic waist which give the supports a rounded elegance which stands in contrast to the sturdiness of the wood. The shape of these eye-catching supports both give the table stability and add a precise and abstract decoration that recalls the ornate intarsia woodwork.

The Pose collection includes a series of tables and benches in solid wood. Tables are available in different sizes and either rectangular or rounded. The tables would suit both a dinner and a meeting so are available for both private and professional contexts.

POSE TABLE COLLECTION INCLUDES A SERIES OF TABLES AND BENCHES
