Serpentine

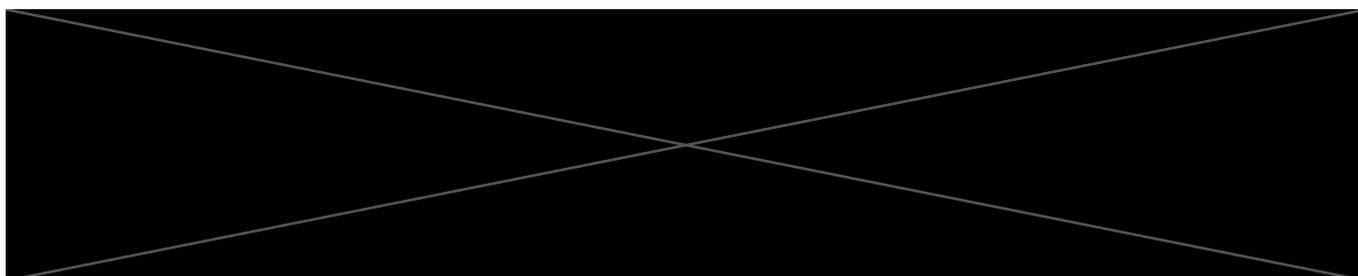

Design Broberg & Ridderstråle

Export FCA EUR

The Serpentine easy chair began with an S-shaped curve sketched in pencil and an instinctive feeling, signed Broberg & Ridderstråle. That sinuous line gradually evolved into a slender armchair lifted by delicate steel legs. The design language feels effortless, while the attention to detail is remarkable. Steel tubing flows seamlessly around the S-shaped shell, finally resting on small feet in stainless steel that reflect the light. The seat cushion, upholstered in sheepskin, leather, or fabric, is easily removable—just like all components of the chair, which can be taken apart and refurbished. The armrests are available in bare wood or wrapped in leather, allowing the chair to take on a wide range of expressions.

Standard colours

Standard combinations see next page.

Metal base	 Red RAL 3009	
	 Nutmeg RAL 1019	
	 Dark brown RAL 8019	
	 Chrome	
Fabric	 Linara Rye 2494/439
